### THE WORK PLAN

All volunteers **MUST** sign up with their congregation lead and complete a 2022 Waiver prior to arriving on site.

All volunteers will meet at Nash. **On Saturdays with two 8-person crews, half of the group will be moved to a secondary site.**

It is difficult to predict exactly how renovations will proceed each week, so projects vary, but may include light demolition, framing, insulation, blue board, house wrap, siding, floor repair, caulking, trim, cabinets, weatherization, landscaping, windows and doors, painting and more!
